

**Important Unemployment Insurance Information on
Emergency Unemployment Compensation (EUC) and
State Extended Benefits (SEB)**

This information will be important to you if you are currently receiving unemployment benefits through Nevada's Department of Employment, Training, and Rehabilitation (DETR).

On December 23, 2011, Public Law 112-78 was signed by President Obama providing the continuation of both the Emergency Unemployment Compensation Program and the State Extended Benefits Program. The law extends both programs into March 2012.

In the interim, Congress is expected to consider further extensions of both programs. Unemployment Insurance recipients are encouraged to continue their normal routine in filing their weekly UI claims. DETR will be closely monitoring the events over the coming weeks and will regularly post the most current information regarding possible extensions at <http://www.nvdetr.org> or www.expressclaim.org.
