## **NOTICE AND EXPLANATION**

The purpose of the hearing is to receive comments from all interested persons regarding the amendment of a Regulation that pertains to Chapter 612 of the NAC.

The following information is provided pursuant to the requirements of NRS 233B.0603:

1. **Statement of the need for and purpose of the proposed regulation or amendment**

The proposed amendment to the Regulation pertaining to NAC 612, pursuant to Nevada Revised Statute NRS 612.550, will establish the Unemployment Insurance Tax Rate Schedule for Nevada employers for calendar year 2018.

2. **Description of the proposed regulation**

This Regulation affects all Nevada employers subject to Nevada's Unemployment Compensation Law that pay a tax rate subject to the Experience Rating system.

3. **Estimated Economic Impact**

All Nevada employers subject to Unemployment Insurance (UI) contributions and eligible for Experience Rating will be affected by the proposed regulation, constituting approximately 46,710 employers or 64.9% of all employers registered with the Employment Security Division. This Regulation represents maintaining the average UI contribution rate at 1.95% in 2018, as recommended by the Employment Security Council on October 3, 2017.

### **Adverse Impacts**

In light of the overall rate decline employers will experience with end of the bond assessment, there are no significant adverse impacts to this Regulation, as the average contribution rate will remain the same at 1.95%. If only the 1.95% average contribution rate and the 0.05% career enhancement program rate are used to compare to 2017, the total costs paid by Nevada employers will be the same in 2018, at 2.00% of wages subject to contributions. With the statutory increase in the wages subject to unemployment contributions, the average cost per employee at the maximum taxable wage base will rise from \$590.00 to \$610.00 in 2018.

### **Beneficial Impacts**

With the 1.95% average contribution rate, the total costs paid by Nevada employers will fall from 2.63% on average to 2.00% of wages subject to contributions. This is a result of the end of the bond assessment, an additional charge made to employers in the last four years. Even with a statutory increase in the wages subject to unemployment contributions, which rose from \$29,500 in 2017 to \$30,500 in 2018, the average cost per employee at the maximum taxable wage base will fall from \$775.85 to \$610.00 in 2018. This regulation will lead to a continued increase in reserves in the UI Trust Fund, which is projected to grow by \$354 million from September 30, 2017 to September 30, 2018, bringing the state closer to the solvency target specified in NRS 612.550.

### **Immediate Impacts**

This Regulation will adopt the experience rating schedule that will be in effect for calendar year 2018. The Average Unemployment Contribution Rate of 1.95%, together with the Career Enhancement Program Assessment (CEP), will decrease the total rate from 2.63% in 2017 to 2.00% of wages subject to unemployment contributions in 2018.

### **Long - Term Impacts**

This Regulation will continue to build reserves in the Nevada Unemployment Insurance Trust Fund, earning interest to the credit of that fund and helping to improve the State's ability to pay unemployment benefits in advance of a future recession.

#### **4. Methods used in determining the impact on a small business**

This analysis was conducted by the State employee with the most understanding of the subject of unemployment insurance data. Analysis of expected benefit costs comes from a model of estimated employment growth and estimated average wage growth on a quarter-by-quarter basis throughout the time period to which the regulation would apply. Data about the number, size, and distribution of employers comes from the records of the Division from the required reports filed by those employers.

#### **5. Estimated Cost of Enforcement**

This Regulation will be enforced as a regular part of ongoing UI operations, and does not represent any additional burden on staff time, as the regulation is used to modify contribution rates each year. Funding for the administration of the UI program is provided to the Department by the U.S. Department of Labor.

#### **6. Overlap or duplication of regulations**

This Regulation is only an annual modification to the Unemployment Insurance contribution schedule. Therefore, this Regulation does not overlap or duplicate any other Regulation of federal, state or local governments.

#### **7. Requirement pursuant to federal law**

The proposed Regulation is not required by federal law.

#### **8. More stringent than federal regulations**

This Regulation is an annual update of Nevada's Unemployment Insurance contribution schedule and does not overlap any federal or local rules or Regulations. Therefore, this Regulation does not provide a more stringent standard than any other regulation of federal, state or local governments.

#### **9. New or increased fee**

This Regulation does not impose any new or increased fees on employers, as it represents maintaining the average UI contribution rate at 1.95% from 2017 to 2018. The overall average rate, which includes the CEP rate of 0.05%, will decrease from 2.63% to 2.00%.

#### **10. Public Comments**

Persons wishing to comment upon the proposed action of the Department of Employment, Training and Rehabilitation (DETR), ESD, may appear at the scheduled public hearing or address their comments, data, views or arguments in writing to the ESD, 500 E. Third Street, Carson City, Nevada 89713 – Attention Joyce Golden. The ESD must receive all written submissions on or before November 30, 2017. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the ESD may proceed immediately to action upon any written submissions.

**PROPOSED REGULATION OF THE ADMINISTRATOR OF THE  
EMPLOYMENT SECURITY DIVISION OF THE DEPARTMENT  
OF EMPLOYMENT, TRAINING AND REHABILITATION**

**LCB File No. R115-17**

October 13, 2017

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §1, NRS 612.220, as amended by section 46 of Assembly Bill No. 484, chapter 513, Statutes of Nevada 2017, at page 3490, and 612.550.

A REGULATION relating to unemployment compensation; prescribing the contribution rate schedule for calendar year 2018; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

The Unemployment Compensation Law requires employers to make contributions to the Unemployment Compensation Fund for the purpose of providing temporary benefits to persons who become involuntarily unemployed. (Chapter 612 of NRS) The amount of each employer's contribution is a percentage of the employer's average annual payroll. Existing law establishes a standard contribution rate of 2.95 percent. (NRS 612.540) However, after an employer has accumulated a specified number of consecutive calendar quarters of contribution and benefit experience, depending on the quarter in which the employer became subject to the Unemployment Compensation Law, the Administrator of the Employment Security Division of the Department of Employment, Training and Rehabilitation assigns the employer to a class of employers whose contribution rate is based on their previous experience with unemployment, as determined by a reserve ratio formula. An employer's reserve ratio is calculated by subtracting the benefits charged to the employer's account for all previous years from the contributions paid by the employer during all previous years and dividing the difference by the employer's average payroll for the previous 3 years. Each year the Administrator prescribes the contribution rate schedule for each such class of employers. (NRS 612.550) This regulation prescribes the contribution rate schedule for calendar year 2018.
